Secondary Transition

Secondary Transition planning focuses on what a child needs to prepare him/her for a successful life after high school, and is included in the IEP starting at 14 years of age or sooner. The training overviews the components of the planning process, age-appropriate transition assessments, and required elements of secondary transition. Each family will also receive an organizational binder for their child's records.

2 sessions available: 10 to 11:30 am (morning) or 5 to 6:30 pm (evening)
